## BRIEF SUMMARY

I am a motivated Cybersecurity Engineering student with strong hands-on experience in penetration testing, vulnerability assessment, and bug bounty hunting. I have actively participated in Capture The Flag (CTF) competitions and real-world security testing, gaining practical exposure to web application security, API security, and OWASP Top 10 vulnerabilities. My security research has been recognized with multiple Hall of Fame acknowledgements from organizations such as British Airways, MakeMyTrip, and Zoho. I am passionate about ethical hacking, continuous learning, and applying offensive security techniques to help organizations strengthen their security posture.

Echo JS is a lightweight Firefox extension that dynamically tracks all JavaScript files loaded on visited websites.

When hunting for bugs, JavaScript files are gold mines — they can reveal:

Hidden API endpoints

Unlinked routes or parameters

Hardcoded secrets or tokens

## ACHIEVEMENTS

- o HOF from British Airways
- o HOF from MakeMyTrip
- o HOF from ZOHO

## ASSESSMENTS / CERTIFICATIONS

### Practical Ethical Hacking

Key Skills: Reconnaissance Report Writing web exploitation Linux Networking

### Jr Penetration Tester

Key Skills: Burpsuite Nmap Metasploit

### OWASP API Security Top 10

SEMINARS / TRAININGS / WORKSHOPS

**Bsides Ahemdabad Institute Name:** United Latino Students Association

12 Sep, 2025 - 13 Sep, 2025

**Key Skills:** Vulnerability Assessment Network Security Penetration Testing Basics Bug Bounty

Participated in Bsides Ahmedabad, a two-day cybersecurity seminar. The training focused on contemporary information security challenges, hands-on learning, and knowledge sharing within the cybersecurity community. Sessions covered practical aspects of ethical hacking, vulnerability analysis, incident response, and emerging threat landscapes. The seminar provided exposure to real-world security scenarios, industry best practices, and collaborative problem-solving approaches.
